Allaboutcows

AAC Cow Drink

Supplementary feed for dairy cows

Benefits:

- The very good taste increases the cow's willingness to drink.
- Contains additives with nutritional properties, vitamins and provitamins.

Pack size

- AAC Cow Drink is sold in 25 kg bags.

Feeding instuctions

- Immediately after calving, mix 1 kg of AAC Cow Drink into 15–20 litres of lukewarm water.
- When the cow has almost finished drinking the contents of the bucket, it is recommended to offer an additional bucket of lukewarm water, so that the cow receives a total of 30–40 litres of liquid.

Opbevaring

- Store in a cool and dry place.
